I love it how we're family with everyone we meet
And in the summer almost no one out there on the street
These April showers are what makes you step out of your car
And winter's hours feel much shorter when you're at the bar
I fell in love with it the very minute I was born
And, yes, the path we had to go through was laid out in thorns
The mountain highs
And valley lows
This land was destined to be great at anything that goes
Crossing city roads in a traffic jam
Bags in our hands like we don't give a damn
We used to run the streets, now we're at the mall
Sipping on Максым by the stall
See me drinking Тан on the boulevard
Laughing at the passing boys acting hard
Coming right up to a club near you
Short skirts, tight jeans, without a clue
"Yo, Nurbek, these girls look so pretty"
Because they come from Bishkek City!

Кайырма:

Bishkek, love you

(Nurbek)

You got my back, I got you

Bishkek, my world

Be with you until I'm old

Bishkek, my town

Perfect places all around

Bishkek, I'm yours

Ain't no city can come close

(Omar)

One, two, go!

The beauty of a virgin land

You're my lady, I'm your man

Take a stroll down the avenues

Gorgeous panoramic views

Everything I know I learned from you

When I was a kid you pulled me through

When the sun goes down you come alive

Step out the car – go for a drive

Come on and shine your light, Bishkek

I'm yours forever, I'm yours for life

Кайырма:

Bishkek, love you

You got my back, I got you

Bishkek, my world

Be with you until I'm old

Bishkek, my town

Perfect places all around
Bishkek, I'm yours
Ain't no city can come close
(Omar)
I've been around the world
From Moscow to New York
Dubai and Florida, no city compares to ya
My one and only home
Your streets I call my own
"Every corner has a history"
People fighting for us to be free
Three one two, girls
Everybody make some noise
Three one two, guys
Put your hands up to the skies
Three one two, Bishkek
Let me see you clap your hands
Three one two, DJ
Crank it up and let it play
Дзержинка, Белинка, Аламедин, Карпинка,
Джал, Көк-Жар & Орто-Сай базар.
Туңгуч, Асанбай, three to twelve, Биринчи май,
Ай, ай, кандай жерлер ай, кандай жерлер ай.
